Kaipara Moana Remediation Joint Committee Agenda

Rā Date:	Monday, 18 November 2024
Wā Time:	9.30am
Tauwāhi Location:	Naumai Marae - 4936 State Highway 12, Ruawai
Ngā Mana Whakahaere Members	Tame Te Rangi (Chair), Te Rūnanga o Ngāti Whātua Amy Macdonald (Deputy Chair), Northland Regional Council Cherie Povey, Ngā Maunga Whakahii o Kaipara Georgina Curtis-Connelly, Te Uri o Hau Greg Sayers, Auckland Council Jack Crow, Northland Regional Council Jane Sherard, Ngā Maunga Whakahii o Kaipara John Blackwell, Northland Regional Council Kerrin Leoni, Auckland Council Michelle Carmichael, Auckland Council Taiāwhio Wati, Te Uri o Hau Virginia Warriner, Te Rūnanga o Ngāti Whātua

The Quorum for the Joint Committee is:

- a) 7 members of the 12 Committee members, and;
- b) At least 1 member each from Auckland Council and Northland Regional Council, and;
- c) At least 2 members from Kaipara Uri (unspecified from which entities).

Recommendations contained in the agenda are NOT decisions of the meeting. Please refer to minutes for resolutions.

For any queries regarding this meeting, please contact Kaipara Moana Remediation via the website <https://kmr.org.nz/contact/>

TITLE: Confirmation of Minutes – October 2024

Kaituhi Pūrongo | Lily Grace Lambert, PA to Pou Tātaki and Governance Support
Report Writer

Te Kaupapa | Purpose

This paper serves to receive the minutes of the KMR Joint Committee meeting held in October 2024.

Whakataunga | Recommendations

That the minutes of the Kaipara Moana Remediation Joint Committee meeting held on 21 October 2024 be confirmed as a true and correct record.

Ngā Tāpiri | Attachments

Attachment 1: Joint Committee Hui Minutes (October 2024)

Kaipara Moana Remediation Joint Committee Minutes

Rā Date:	Monday, 21 October 2024
Wā Time:	9.30am
Tauwāhi Location:	Online - Microsoft Teams
Huihuinga Gathering	Tame Te Rangi (Chair), Te Rūnanga o Ngāti Whātua Amy Macdonald (Deputy Chair), Northland Regional Council Brooke Waterson, Auckland Council Georgina Curtis-Connelly, Te Uri o Hau Greg Sayers, Auckland Council Jack Craw, Northland Regional Council John Blackwell, Northland Regional Council Kerrin Leoni, Auckland Council Michelle Carmichael, Auckland Council Virginia Warriner, Te Rūnanga o Ngāti Whātua
Tae Mae In Attendance	Justine Daw, Pou Tātaki, Kaipara Moana Remediation (KMR) Lisette Rawson, Amo-Rauora Koāwa, KMR Ben Hope, Ringa-Pārongo, KMR Darren van Beek, Pūtahi-Tira Mahi, KMR David McDermott, Nursery Lead, KMR Marina Ford, Ringa Taki Hononga Mana Whenua Relations Advisor, KMR Lily Grace Lambert, PA to Pou Tātaki and Governance Support, KMR Ilka Pelzer, Kaitātari Matua, Ministry for the Environment (MfE) (Observer)

The Chair declared the meeting open at 9.35am.

KARAKIA TIMATANGA / WHAKATAU

The Chair acknowledged the passing of Tūheitia Paki te Kīngi Māori. He also acknowledged the birth of a baby to Sophie and Pae, welcomed Lily Grace Lambert who is covering Sophie's parental leave and Marina Ford in her new role with Kaipara Maurikura.

NGĀ WHAKAPAHĀ | APOLOGIES (ITEM 2.0)

Moved (Curtis-Connelly/Craw)

1. That the apologies from Member John Blackwell for lateness be received.
2. That the apologies from Members Taiāwhio Wati, Jane Sherard and Cherie Povey for non-attendance be received.

Carried

NGĀ WHAKAPUAKANGA | DECLARATIONS OF INTEREST (ITEM 3.0)

It was advised that members should make declarations item-by-item as the meeting progressed.

CONFIRMATION OF MINUTES (ITEM 4.1)

Report from Lily Grace Lambert, PA to Pou Tātaki and Governance Support

Moved (Warriner/Carmichael)

That the Joint Committee:

1. *Confirm* the minutes of the Kaipara Moana Remediation Meeting held on 29 July 2024 as a true and correct record.

Carried

JOINT COMMITTEE ACTION TRACKER (ITEM 5.1)

Report from Lily Grace Lambert, PA to Pou Tātaki and Governance Support

Moved (Curtis-Connelly/Craw)

1. That the report 'Joint Committee Action Tracker' be received. **Carried**

JOINT COMMITTEE FORWARD WORKPLAN (ITEM 5.2)

Report from Lily Grace Lambert, PA to Pou Tātaki and Governance Support

Moved (Curtis-Connelly/Carmichael)

1. That the report 'Joint Committee Forward Workplan' be received.

Carried

Annual Report (2023-2024) (ITEM 6.1)

**Report from Stephanie Versteeg - Amo-Rautaki Pākihi | Strategic Business Manager
Presented by Justine Daw, Pou Tātaki in her absence**

Moved (Craw/Curtis-Connelly)

That the Joint Committee:

1. *Receive* the report 'Annual Report (2023-2024)', by Stephanie Versteeg dated 21 October 2024.
2. *Approve* the final draft of the Annual Report 2023-2024 for provision to the Ministry for the Environment.
3. *Delegate* to the Joint Committee Chair power to approve the final Annual Report, with the ability for the Pou Tātaki to make minor editorial changes prior to publication if required.

Carried

Secretariat note:

The Members passed on to the wider Kaipara Maurikura team their acknowledgement of the many achievements presented in the KMR Annual Report. Member Craw also passed on from the NRC Chair recent 'glowing feedback' from the Associate Minister of Agriculture and for the Environment on the good work being done by KMR. The Pou Tātaki thanked the Members for this acknowledgement, as it had been a significant year for KMR, and one in which KMR was fully demonstrating its maturity and ongoing delivery.

Member Carmichael asked if the slightly lower than anticipated result for farm size correlated to the additional KMR investment in some projects following Cyclone Gabrielle. In response, the Pou Tātaki indicated that all figures and text in the Annual Report would be checked, including relating to this point, as we had found some type-setting errors in the image-designed version of the Annual Report tabled to the meeting. The Pou Tātaki clarified that the original (pre-image design) version of the Annual Report had received a clean audit report, and this would be tabled to the November meeting.

Update on KMR operational settings (ITEM 6.2)

Report from Stephanie Versteeg - Amo-Rautaki Pākihi | Strategic Business Manager and Darren van Beek, Kaiārahi Whakaora Whenua Koawa.

Moved (Sayers/Craw)

That the Joint Committee:

4. *Receive* the report 'Update on KMR policy settings' by Steph Versteeg and Dave McDermott, dated 21 October 2024.
2. *Note* that following a successful winter planting season, KMR has reviewed relevant grant settings and considers they are fit for purpose for the coming season, with only minor operational improvements needed.
3. *Note* that to enable early planning of sediment reduction projects, KMR is beginning to engage on winter 2025 planting with programme partners, suppliers, landowners and groups.
4. *Note* that the KMR price schedule has been updated, as per the process agreed last year, and is being applied to projects approved from 1 October 2024.

Carried

Secretariat note:

On behalf of Member Blackwell, Member Crow asked about the potential use of plastic troughs as they tended to be cheaper than concrete ones. As with all suggestions for improvement, the Pou Tātaki confirmed we would be able to consider this in our review in spring 2025. However, it was acknowledged that plastic troughs degraded earlier than concrete ones, and 2023 flooding events had demonstrated that they were a potential hazard in wet zones. KMR was also working to de-plasticise its supply chain.

Member Crow also asked about KMR's commitments for poplar poles in winter 2025. We confirmed that we were working closely with NRC on poplar supply for 2025, and at this stage it was unclear whether we would have a single provider in 2025 or two providers as we did in winter 2024.

Member Carmichael asked about the potential to pre-order and stockpile materials in order to ensure cost-effective supply for KMR projects. The Pou Tātaki indicated that as part of KMR's regular 'Waka Go Faster' reviews, we would consider this in spring 2025. That said, inflationary pressures were coming down, and we may run the risk of locking in higher prices through such an approach at this time. KMR had also operated a pre-purchase approach previously, and the storage and freighting of the materials had negated savings. In addition, many landowners used their own fencing suppliers or used those of known and trusted local contractors. Currently, the KMR operating model was not to act as an intermediary for those type of transactions given the significant size of the catchment, although we did so in respect of nursery supply in order to be able to guarantee plant quality and eco-sourcing.

Approach to Native planting allocations (2025) (ITEM 6.3)

Report from David McDermott - KMR Nursery Lead

Moved (MacDonald/Curtis-Connelly)

That the Joint Committee:

1. *Receive* the 'Approach to native plant allocations (2025)' report by David McDermott, KMR Nursery Lead, dated 21 October 2024.
2. *Note* that following a review of winter 2024 operational settings, an improved approach has been identified for allocating native plant orders to nurseries.
3. *Endorse* the recommended revised approach to allocating native plant orders to nurseries for the 2025 planting season.

Carried

Secretariat note:

Member Sayers and other Members congratulated the KMR team on their excellent face-to-face engagement with the many landowners and groups taking action around the Kaipara Moana catchment. The Pou Tātaki thanked the Members for this acknowledgement - KMR is a voluntary programme, and so engagement and support had been a major focus for KMR since day one.

2025 Meeting Dates (ITEM 6.4)

Report from Justine Daw, Pou Tātaki

Moved (Blackwell/Carmichael)

That the Joint Committee:

1. *Accept* the KMR Joint Committee meeting dates for the 2025 calendar year, with Members advising KMR as soon as possible of any diary clashes.

Carried

Pou Tātaki Report (ITEM 6.5)

Report from Justine Daw, Pou Tātaki

Moved (Warriner/Curtis-Connelly)

That the Joint Committee:

1. Receive the report 'Pou Tātaki report' By Justine Daw, dated 21 October 2024.

Carried

Secretariat note:

The Pou Tātaki updated the Joint Committee that since the report had been finalised, KMR had been nominated for the Earthshot Prize 2025.

CORRESPONDENCE (ITEM 7.1)

The Pou Tātaki drew the attention of the Joint Committee to the correspondence received from the Minister for the Environment.

Karakia Mutunga

Whakamutunga (Conclusion)

The meeting concluded at 10.58.

TITLE: Joint Committee Action Tracker

**Kaituhi Pūrongo |
Report Writer** Lily Grace Lambert, PA to Pou Tātaki and Governance Support

Rāpopototanga Matua | Executive summary

Following each Hui, the Joint Committee Action Tracker is reviewed and updated. The Action Tracker records actions still to be resolved from previous Joint Committee meetings and serves as a transparent record of progress against committed actions.

Whakataunga | Recommendations

1. That the report 'Joint Committee Action Tracker' be received.

Ngā Tāpiri | Attachments

Attachment 1: Joint Committee Action Tracker – November 2024

¹KMR Joint Committee: Action Tracker

Item	Action	Who	Due	Status	Comments
6 May 2024					
Kōrero Tuku Iho (Item 6.2)	That KMR report back on progress in implementation of the Kōrero Tuku Iho project, including engagement, representation on the Reference Rōpū, and progress in the initial case study. A proposal for a second case study will be submitted by 30 June 2025.	Environs Te Uri o Hau on behalf of KMR	November 2024 February 2025 June 2025.	Open	Further updates are scheduled.
21 February 2022					
Catchment Reference Groups (Item 6.2)	That a report-back on progress to establish the Catchment Reference Groups be provided to the Joint Committee	Reconnecting Northland on behalf of KMR	February 2025	Open	Timing of this report-back depends on progress in the draft Deed of Settlement for Wai 303. In the meantime, a pilot is being progressed in the Mangakāhia sub-catchment.
15 November 2021					
KMR Freshwater Management Tool (Item 5.1)	That KMR develop a long-term agreement with Auckland Council (Healthy Waters) for hosting, operation and maintenance costs associated with KMR's Freshwater Management Tool [Tātaki Wai]	Stephanie Versteeg / AKL Council	October 2024	Open	Timing for this report-back depends on finalisation of the KMR FWMT tool (Tātaki Wai). A draft Agreement is under development.

Note: Closed items will be removed from the table once they have been sighted by the Joint Committee.

¹ This refers to the Ngāti Whātua Treaty Claim which has a component relating to the Kaipara Moana Body.

TITLE: Joint Committee Forward Workplan

**Kaituhi Pūrongo |
Report Writer** Lily Grace Lambert, PA to Pou Tātaki and Governance Support

Rāpopototanga Matua | Executive summary

This report tables to the meeting an indicative Joint Committee Forward Workplan, which sets out a high-level view of expected discussions and papers to be tabled over the calendar year 2024. It serves as a helpful record for both the Kaipara Maurikura and the Joint Committee and will be refreshed for each Joint Committee Hui.

Whakataunga | Recommendations

1. That the report 'Joint Committee Forward Workplan' be received.

TITLE: Audit and Annual Report 2023-2024

Kaituhi Pūrongo | Ben Hope, Ringa Pūrongo
Report Writer Stephanie Versteeg, Amo-Rautaki Pākihi

Te Kaupapa | Purpose

This report notes the satisfactory Deloitte audit of the 2023-2024 financial year for Kaipara Moana Remediation (KMR), and submission of the associated KMR Annual Report to the Ministry for the Environment (MfE).

Rāpopototanga Matua | Executive summary

Deloitte undertook a financial audit of KMR as part of Northland Regional Council's annual audit process, reviewing the financials reported in the 2023-2024 KMR Annual Report.

This year's audit covered Year 4 of KMR operations. KMR received a clean (satisfactory) audit, i.e. no matters of interest were noted in the Audit Letter.

Following the audit process, KMR submitted the finalised Annual Report to the Ministry for the Environment (MfE), in line with Deed of Funding requirements.

Whakataunga | Recommendations

That the Joint Committee:

1. *Receive* the report 'Audit and Annual Report 2023-2024' from Ben Hope and Stephanie Versteeg dated 18 November 2024.
2. *Note* the satisfactory audit of KMR for 2023-2024 (*Attachment 1*).
3. *Note* that the Kaipara Moana Remediation (KMR) Annual Report for 2023-2024 was sent to the Ministry for the Environment on 30 October 2024, as required under the Deed of Funding.

Horopaki | Background

The Annual Report provides an overview of KMR delivery in 2023-2024 (Year 4), and a financial account of how money has been spent against the 2023-2024 KMR Annual Work Plan.

The KMR Joint Committee received a final version of the Annual Report last month (21 October 2024) and endorsed the Report subject to minor edits, and layout and typesetting corrections.

The Annual Report is reviewed along with other materials by independent auditors (Deloitte) as part of KMR's annual audit process.

As per the KMR Deed of Funding with the Crown, the final Annual Report was sent to the Ministry for the Environment on 30 October 2024.

Tātari me ngā tūtohu | Analysis and Advice

Financial Audit

On 21 October 2024, Deloitte issued an Audit Letter (*Attachment 1*) noting the completion of the audit and giving a satisfactory (clean) audit result for KMR.

Considerations

1. Aromātai whāinga haumi mō te oranga | Wellbeing Investment objectives and assessment

Provision of an Annual Report to the Ministry for the Environment is a requirement under the KMR Deed of Funding. Each year, KMR's Annual Report sets out the programme's financial and activity-based reporting and progress on key performance indicators with the Ministry for the Environment. The Report includes an overview of wellbeing objectives supported and achieved during the year.

2. Ngā ritenga take pūtea | Financial implications

There are no financial implications from the Annual Report. Its preparation and audit are covered by the programme's general operating budget.

3. Ngā hiranga me ngā hononga | Significance and Engagement

In relation to section 79 of the Local Government Act 2002, the decisions arising from this report are considered to be of low significance when assessed against Northland Regional Council's significance and engagement policy. This does not mean that this matter is not of significance to tangata whenua and/or individual communities, but that the Joint Committee is able to make these decisions without undertaking further consultation or engagement.¹

4. Ngā tūraru me ngā mauru | Risks and mitigation

The Annual Report and Audit both provide transparency and accountability in respect of KMR's work programme, and assurance to funders and programme partners about KMR's performance.

5. Ngā urutau huringa-ā-rangi | Climate Change Mitigation and Adaptation

This Joint Committee paper does not have wider climate change mitigation and adaptation implications. KMR will do a small print run of our Annual Report on recycled paper using sustainable inks.

Ngā Tāpiri | Attachments

Attachment 1 - Signed Deloitte Audit Letter (2023-2024)

¹ This Joint Committee operates under the Local Government Act which requires a significance and engagement policy (which identifies when matters require special consultation with tangata whenua and the community) and to have regard to that policy when making decisions. As the administrative support for the Joint Committee is provided by the Northland Regional Council, it is that Council's Significance and Engagement Policy that will apply to Joint Committee decision making.

TITLE: Pou Tātaki Report

**Kaituhi Pūrongo |
Report Writer** Justine Daw, Pou Tātaki

Te Kaupapa | Purpose

This report provides a brief update to the Kaipara Moana Remediation (KMR) Joint Committee on progress in key elements of KMR delivery.

Rāpopototanga Matua | Executive summary

This month we table to the Joint Committee the printed KMR Annual Report. It is a compelling read, and highlights the ongoing scale-up and performance of the programme. We also table for noting the clean Audit Report for KMR, the third in three years since the programme began.

Since we last reported in October, KMR has been nominated for the global Earthshot Prize. While it is unlikely that we will win the Prize, it is a great honour to have been nominated.

In recognition of our role as a national exemplar, KMR has been profiled as a case study in the latest Annual Report for the Jobs for Nature programme. The Report will be publicly released in December.

Whakataunga | Recommendations

That the Joint Committee:

1. *Receive* the report ‘Pou Tātaki Report’, by Justine Daw dated 18 November 2024.

Tātari me ngā tūtohu | Analysis and Advice

Audit and Annual Report

For a third year in a row, KMR has received a clean audit from NRC’s auditors (Deloitte). In accordance with the KMR Deed of Funding, the associated Audit Letter and Annual Report for 2023-2024 have been submitted to the Crown. The Annual Report can now be found on KMR’s website. A small number of printed copies are also available.

Nomination for the Earthshot Prize

KMR is proud to have been nominated for the 2025 Earthshot Prize. Inspired by President John F. Kennedy’s “Moonshot” challenge in 1962 to land a man on the moon within a decade, [the Earthshot Prize](#) was launched by Prince William in 2020 to search for and scale the most innovative solutions to the world’s greatest environmental challenges. A 10-year global initiative, the Earthshot Prize aims to identify and support programmes and initiatives that can accelerate and scale the environmental innovations needed to repair and regenerate our planet across 5 categories.

Every year, five Winners (1 per category) with the best chance of helping achieve the identified “Earthshots” will be awarded £1 million each to scale their solutions, with all 15 Finalists receiving tailored support from a global alliance of partners. While we do not expect to win our category, it is testament to KMR’s leadership and delivery, and the hard work of our many landowners, groups and partners across the catchment, that we have been nominated.

Jobs for Nature Case

In recognition of our role as a national exemplar, KMR has been profiled as a case study in the latest Annual Report for the Jobs for Nature programme. The Report will be publicly released in

December. A fuller Cost Benefit Analysis is still in development by the Jobs for Nature Secretariat, with the draft report already highlighting the myriad benefits and real value delivered through KMR.

Programme Performance

The programme-life-to-date Key Performance Indicators as at 30 September 2024 – which reflect programme delivery 2¾ years into full operational delivery – demonstrate continued progress in scaling up, driven in part by KMR’s investments in erodible hill country driving growth:

Jobs & Skills

- Training support for 171 people, many from local iwi/hapū
- New work created in rural communities – a year’s work for >180 people (30 June 2024 data)
- Over \$18.9m in sediment reduction project value, sustaining local, nature-based employment

Engagement & Participation

- 1081 landowners/groups have submitted an Expression of Interest to KMR
- 738 co-funded project plans have been developed with landowners
- A further 96 Plans are in development
- 76 projects led by hapū, marae, whānau, community, catchment groups or other collectives

Nature & Resilience

- >1.91 million plants in the ground or contracted to plant
- 773 hectares planted, contracted to plant, or regenerating into native forest
- 830km of fencing completed or contracted (the same distance from Cape Rēinga to Taranaki)
- >130,000 hectares are managed under KMR co-funded plans

Communications and Media

In the last month, KMR has continued to receive solid media coverage across the catchment. The various online and print coverage has showcased a diversity of landowners and groups and their stories about working with KMR. To date, since KMR began, we have published news items around once a fortnight on average, sustaining interest and helping those working with us to feel connected and inspired.

KMR’s October webinar was very well received. The focus was more technical, comprising an in-depth dive into what KMR can offer in terms of project support across the landscape, from the water’s edge to hillside-based projects. The webinar enjoyed good attendance and participant interaction, including supportive comments from a member of the Rodney Local Board about KMR’s work to date. Further webinars are being planned for 2025.

Our October Pānui highlighted the successes outlined in the KMR Annual Report for 2023/2024, linked the October webinar for those that missed it, and provided links to some of our more popular media stories.

Financial performance

The unaudited year-to-date financials shown in Table 1 over page continue to show that KMR is continuing to scale up at pace, as indicated by the value of total Programme Expenditure (Activity).

Table 1 shows financial payments made to 30 September 2024, rather than project activity completed.

KMR has contracted or committed an additional \$4.4m worth of projects as at 30 September 2024, some of which will be completed but not yet paid out. This reflects the lag between landowners contracting to undertake sediment reduction projects, completing projects, KMR arranging project review and sign-off, landowners submitting invoices, and KMR paying invoices.

Table 1: KMR Financials

KMR Financials to September 2024	
	YTD
Funding contributions*	September
MfE	4,891,082.86
MfE other	-
Other Subsidies	700.00
Northland Regional Council (NRC)	-
Auckland Council (AC)	-
Interest earned	326,234.34
Subtotal (Funds available)	5,218,017
<i>Less KMR expenditure (Activity incl. Grants)</i>	1,912,168
Funds Remaining	3,305,849
Co-funding (Matching Contributions)	
NRC in kind labour	18,201
NRC in kind Opex costs (incl. salaries)	290,646
AC in kind labour	3,800
AC in kind Opex costs	-
Landowners / Other contributors	797,462
Subtotal (Co-funding expenditure)	1,110,109
Total Programme Expenditure (Activity)	3,022,277

Joint Committee Grant Interests

In line with advice from the Office of the Auditor-General, we provide a transparent overview below of the KMR grant-related interests that are relevant to LAMIA Act (local government legislation that pertains to the financial interests of elected members, and others sitting on local government committees, such as KMR's Joint Committee). We note that the OAG has made a ruling in respect of KMR which recognises that Members of the KMR Joint Committee have been appointed to the Committee on a representative basis i.e. due to their roles in their iwi/hapū.

Table 2: Joint Committee Grant Interests

Who	Grant type	KMR Grant (excl. GST)	Status	Nature of Interest
Georgina Curtis-Connelly & Taiawhio Wati (Trustees for Taipuha Farms)	Landowner Grant	Project 2 (2024) \$12,692	Approved by KMR. The project is on hold until advised by Trustees.	Taipuha Farms is a subsidiary of the Te Uri o Hau Settlement Trust. Any potential financial benefit from this environmental restoration grant (e.g. in terms of future land use value) would accrue to all beneficiaries of the Te Uri o Hau Trust. The OAG has provided a ruling to KMR that iwi/hapū membership does not constitute a LAMIA conflict.

Workshop session - SWOT Analysis
